# Diesel Particulate Filter Guide (DPF) for Bus and Motorcoach Applications

*Note: Not available for sale in California*

Our SVP replacement Diesel Particulate Filters are designed as an exact direct replacement for our OE DPFs from model year 2007 and newer. These are NOT re-manufactured or re-used parts. They are manufactured using the highest quality stainless steel parts for long term reliability and durability to meet the harshest operating environments for your coach. These DPF units are designed for easy installation and include replacement clamps and gaskets saving you time and getting you back on the road sooner.

- **Like-for-like alternative options for all common OEM DPF models from 2007+**
- **Designed and built in North America**
- **High quality stainless steel for durability**
- **Tested to meet or exceed emissions requirements**
- **One piece design provides easy removal/install for ongoing maintenance**
- **24 months, unlimited mileage**

***New clamps and gaskets come with all kit numbers listed in guide.***
